

Part 1 & 2: *CLIENT SITE & CMS*

CHANTRY ISLAND

Client SITE & CMS System

The importance of a CMS

Researching and creating a site with a custom CMS for www.chantryisland.com

Assignment Description:

Your team (2 members) will be given 12 weeks in total to create a mobile first responsive site for www.chantryisland.com. This site will be powered by your own custom CMS system. This project will be broken apart into 4 submissions & 1 presentation.

Please do not purchase any URL's related to this project.

Minimun Requirements:

MMED-3014

Mobile first responsive site adhering to all web standards with a custom Content Management System. The CMS will allow admins to login to, create, update and delete users/content (pictures, text and videos) on the Chantry Island site.

MMED-3006

Each group is required to create a brand aware, promotional, web ready video to depict the marine history of the Chantry Island Light Station. The completed spot should be 30 to 40 seconds in length and include audio in the form of background track, voice over or both. The aspect ratio and size are up to you. Uncompressed video will receive a grade of "0".

MMED-3012

Each group is required to enhance the Chantry Island site with a custom responsive gallery powered by a database using AJAX. Each group will also integrate google maps into the site, using custom colours, overlays and marker icons. Additional information can be found in Project 2 and 4 briefs found on FOL in the authoring class.

Grading

Groups will be graded with a single grade for all group members. Team members who fail to complete tasks on-time and completed will be asked to leave their groups and will receive a '0' in all classes for this assignment.

Submission:

You will upload all **FILES/PUBLIC LINK/GITHUB PRL** to the FOL dropbox. Failure to submit required files will result in a '0' for this assignment.

Part 1 Week 6 Submission

Web - Design and static build files at the beginning of your scheduled class

Video - Storyboards (PDF ONLY) portraying the framing and flow of your final video (FOL dropbox February 7th 11:59pm)

Client - Link to live site for client to view (dropbox comment).

Part 2 Week 8 Submission

Authoring - Custom Gallery Github PRL to the FOL dropbox

Part 3 Week 10 Submission

Authoring - Google Maps Github PRL to the FOL dropbox

Part 4 Week 12 Submission

Web/Authoring - All Site Files(front facing/CMS) and database.

Video - All VIDEO PROJECT FILES, VIDEO FILES (compressed video only).

Uncompressed video files will result in a '0' for this assignment.

Client - Client Presentation.

Naming convention for submission:

LastName_FirstInitial_ClassCode_CMS

e.g.) Brunner_J_3014_CMS_pt1.zip
e.g.) Brunner_J_3014_CMS_pt2.zip

Additional Information:

Missed tests/exams will not be rescheduled without some valid evidence of some important event over which the student has no control (e.g., Court appearance, death in the family). Missed tests or exams, therefore, can receive a zero. The students are advised to notify the professor prior to missing the test.

Students are expected to hand in all assignments to the course instructor on the due date, and all assignments must be submitted in the format specified by the instructor (e.g., on FOL, in printed form, on a specific lab computer, etc.); assignments will not be accepted in any format other than that specified.

Late assignments will not be accepted, nor will make up test or assignments be permitted, without some valid evidence of some important event over which the student has no control (e.g., documented illness, death in the family). Missed tests or assignments, therefore, will receive a mark of zero. Late assignments and make-up tests will only be permitted following the submission of adequate documentation acceptable to the instructor (e.g., a doctor's note). Students are advised to notify the instructor prior to missing an assignment due date or a scheduled test.

Immediately upon return from an illness/absence in which a test or assignment has been missed, the student is responsible for contacting the course instructor to discuss the problem. The instructor will make arrangements for any student deemed eligible. The alternative test/assignment will be of equal value to the one missed with no grade penalty. The timeline and due dates will be determined by the course instructor.

At mid-term, any unsatisfactory results will be reported to the student.

This course may be revised by the professor with suitable notification to the students. Students are responsible for making arrangements to pick up missed handouts, assignments and course announcements from classmates.

Plagiarism (e.g., failure to acknowledge sources used, submitting another student's work under your name, or producing work for another student to submit) is a serious academic offense that shall result in appropriate penalties, to be determined at the discretion of the course professor in consultation with the chairperson of the Communication Arts division. The penalties shall range from failure of an assignment to possible failure of the course. Students shall not make the assumption that any provision will be made by the professor to permit the student to rewrite or redo failed assignments.
